

# DOWN LIGHTS

## PD2 Series

The Fudakin™ PD2 Series Down Lights are a terrific source of light for any indoor application. Typically mounted in the ceiling, these lights provide an even distribution of light and are a perfect replacement for CFL or HID pot and down lights. Stylishly designed, yet able to withstand the test of time, the Fudakin™ PD2 Series are a great solution to your lighting needs.

Fortinos Oakville, ON

### FEATURES

- Outstanding optical design providing an efficient light source
- Die casting with anodized treatment helps to create a state-of-the-art heat sink
- High lumen output is ideal for illuminating large spaces
- Attractive styling and durable
- Wide input voltage, AC100 – 277V / 347V
- Available in 20W, 50W and 90W
- High-efficiency current driver
- Contains no mercury
- cULus certified
- Aluminum shell is weather and corrosion resistant

### BENEFITS

- Saves up to 80% energy consumption compared to traditional lighting
- Easy installation
- Maintenance free
- High quality and reliability
- Long life

### APPLICATIONS

- Widely used for hotels, supermarkets, retail buildings or any large indoor facility
